

Center TrackPan Covers

Center Cover Overlap Lip

Stormwater Flow -

Rain that falls on top of the Center TrackPan Cover (1) is channeled toward the Stormwater Feature (2). It then "cascades" down the cover "spout," (3) through the "stormwater ports" (4) and onto the ballast (5).

TrackPan Grate (1 of 2 in each Center TrackPan)

Ballast Below Center TrackPans

Stormwater gasket seats just below the stormwater ports.
